**Abstract:** The cold war has arisen, after 32 years, with frightful omens for the world. Now the world is sitting on the ‘ticking-time-bomb’, since there are, already, ‘Five Tinderboxes’, ready to explode any moment! Humanity won’t have peace for more than two decades henceforth. Once China, the Dragon, gobbles up the island nation of Taiwan and the South China Sea, the world would be on the threshold of the ‘Final World War’ on earth! The present Russia- Ukraine war is only the prelude to the more disastrous war in the South China Sea! During the World war- 2, there were no nuclear weapons, supersonic stealth fighter planes, quantum satellites, cyber warfare, space warfare, global pandemic level warfare, cosmic-golf technology etc. The ‘Inexorable’ is going to happen! Against the ‘Rock-of-the-Cosmic-(Divine)-Law, Earth’s conquerors and exploiters hurl themselves eventually to their own destruction. The dictum of the Scripture that ‘Destroyers of the Earth shall be destroyed’ is going to be vindicated, through the Ultimate Space Power (the Kalki, none other than the Second Coming), and the All-smothering-Doom, henceforth everlasting peace would be established on earth.

**Keywords:** belligerent-nations, quantum satellites, robo armies, space war, the-kalki-none-other-than-second-coming, world-on-a-ticking-time-bomb.

## 1. Introduction

I have prepared this article as a wakeup call for all the nations and the statesmen of the world, since the world is sleep-walking into the ‘Greatest Calamity’, since the Great Deluge 13 millenia ago, which happens for a quarter century from 2047.

In these turbulent times of the 21st century, the ‘Neo-Cold war’ has arisen, after three decades! The cleavage among the nations, i.e., between the rival camps of NATO +, including the QUAD group, and the China+, including Russia, Iran, North Korea etc. is becoming clear day by day! The world, now rife with bitter animosities between two groups of rival nuclear powers, cannot sustain itself as a safe haven for the humanity any longer! Here is a great threat for the human civilization more than ever. Old Cold war rivals, i.e. the NATO group and the WARSAW group, behaved with utmost restraint at crucial times to avoid the ‘catastrophe’. Now has arisen the Dragon, to challenge the ‘Present World Order’! The ambition for the Global Supremacy and the thirst for the Markets are making the matters worse. Any spark, i.e., any escalation at the five Tinder Boxes of the world, i.e., the Taiwan, Kashmir, Palestine, Korea and Mc Mahon Line, will have the potential of exploding into

the Final, disastrous, World War! The Dragon has been building the New Silk-Routes, through its B.R.I., which nothing but its future routes of Long March on the world! An existential threat is emanating from the current ‘International-Civil-War-Like’ situation now! Ours is the time of Last Plagues now. The Biblical dictum, “...People will rise against people, Nation will rise against Nation...”, is being vindicated now. Any move by China to gobble up the island nation Taiwan, which is manufacturing High-End-Chips for the world, will not only cause \$ 6.5 trillion losses to Asian economies, but also will necessitate, inexorably, the NATO+ countries to ‘retaliate’, by which time the two Final Groups, of the Ultimate War on Earth, would be consolidated on either side! The most probable Timeline, of the Final World war on Earth, is also given in a tabular format.

In this age of turbulence, they are five hotspots on the Globe which may, at any time, explode into major conflagration leading to the final, disastrous, World War!

*The Five Tinder Boxes:*

*Taiwan & The South China Sea:* The Tinder Box No: 1

Republic of China govt. moved to Taipei on 7th December 1949. In 1971, P.R.C. was given seat in U.N.O. The P.R.C and R.O.C (Taiwan) standoff dates from the Chinese civil war and has extended through the Taiwan Strait crises to the present day. In 1955, it concluded a mutual defence treaty with the U.S.A.

The PRC has consistently claimed sovereignty over Taiwan and refused diplomatic relations with any country that recognizes the ROC. As of 2019, Taiwan maintains official ties with 17 out of 193 UN member states.

Three crises happened between Mainland China and Taiwan, i.e., the first on 3rd Sept 1954, second 23rd Aug 1958 and the third on 23rd Sept 1958, due to the P.R.C.’s aggression on Taiwan, but foiled by American Marine forces.

The China’s ever hegemonic moves on Taiwan, to annexe it, make this Island country a potential tinderbox for the final war on earth, since this country has a mutual defence treaty with the U.S.A. and the latter’s Marine troops are already present with all the ammunition, i.e., the aircraft-carriers, destroyer ships, missile- systems etc.!

Post Taiwan strait crisis in 1996, China has been building up its armed forces. It was force-stopped (it’s missile tests to intimidate Taiwan) by the show of a naval force by U.S.A. in

\*Corresponding author: bandi.rao1955@gmail.com

the year.

While the Main Land China, the P.R.C., claims that the Republic of China government is illegitimate, referring to it as the ‘Taiwan Authority’, the R.O.C. has its own constitution, independently elected President and armed forces. Taiwan has not formally renounced its claim to the main land, but R.O.C government publications have been downplaying it. Internationally there is controversy on whether Taiwan still exists as a state or a defunct state per international Law due to the lack of wide diplomatic recognition. In a poll of Taiwanese aged 20 and older taken by TVBS in March 2009, a majority of 64% opted for the “status quo”, while 19% favoured “independence” and 5% favoured “unification”.

*The South China Sea:* This region has become ‘hot’ again, after 24 years, since the stand-off, in 1996, not only because of China’s belligerency towards stake-holders like Philippines, Brunei, Indonesia, Vietnam, Malaysia, Republic of China (Taiwan), but also due to it’s contravention of the ruling of the Arbitration Tribunal, constituted by the UNCLOS, in July, 2016, against the P.R.C’s maritime claims in ‘Philippines v. China’. Many non-claimant states want the South China Sea to remain ‘international waters’. To promote this, many states, including the United States, conduct ‘freedom of navigation’ operations, to which China takes objection and even warns, against these operations, with dire consequences.

Almost \$ 5 trillion worth of global trade passes through this sea annually. The Spratly Islands, Paracel Islands and Natuna Islands have become contentious among these countries. Once it is known that the region contains, beneath, 17 billion tonnes of oil and 500 trillion cubic feet of natural gas, the claimants have been becoming more covetous regarding this wealth! The ‘Freedom of Navigation’, being championed by the US and being opposed by the P.R.C. is leading to ‘near-conflict’ between these giants, now a days, with ominous portents!

Fig. 1.

*Kashmir: The Tinder Box No: 2*

Kashmir, a highly explosive locale, once we consider the fact that it is ringed by three Nuclear Powers, which are in collision

course, and that every emotive issue in it is being utilized by Pakistan to stoke the anti – Indian flames in this state through various means.

*Kashmir:* In 1947, Sir Radcliff, under the order of the Governor General of India, divided India into two states, excluding Kashmir. It was given freedom either to be independent, to get annexed either to India or Pakistan. With Pakistan’s aggression on it, its ruler Hari Singh sought India’s help and later annexed the state to India. Now 43% of Kashmir is under India’s control, the remaining being under Pakistan’s and China’s control.

Fig. 2. Jammu & Kashmir

In 1948, India had taken the issue to U.N. council and offered to hold plebiscite. In 1964, India backed out of its promise to hold Plebiscite in the disputed territory of Kashmir.

‘Abdullah’s removal from power and imprisonment in 1953, on the suspicion that he was hobnobbing with the Americans to create an independent State, was a major blow to the legitimacy of Indian rule in Kashmir’. For two decades after that, New Delhi rigged elections and appointed its own proxies as Chief Ministers, eroding the Kashmiris’ faith in Indian democracy.

The Indira –Sheikh Abdullah agreement of 1975 allowed latter to become the Chief minister of Jammu and Kashmir again after 22 years. The agreement restated the conditions of Jammu and Kashmir’s merger with India since 1953 with a ‘patently hypocritical clause’ that the state’s administration would be maintained under Article 370.

The Instrument of Accession is a legal document executed by Maharaja Hari Singh, ruler of the princely state of Jammu and Kashmir, on 26 October 1947. By executing this document under the provisions of the Indian Independence Act 1947, Maharaja Hari Singh agreed to accede to the Dominion of India.

In a letter sent to Maharaja Hari Singh on 27 October 1947, the then Governor-General of India, Lord Mountbatten accepted the accession with a remark, " ...It is my Government's wish that as soon as law and order have been restored in Jammu and Kashmir and her soil cleared of the invader, the question of the State's accession should be settled by a reference to the people. "

Kashmir’s Amalgamation into India has been challenged, ‘ab ovo’, by Pakistan and is being supported by some Islamic

countries. In the Annexation agreement on 26-10-1947, between Maha raja Harisingh and Govt. of India, it was clearly 'given' that the defence, communications and external affairs should be taken by Indian Union and all the remaining powers should be taken by Jammu & Kashmir Govt.

At Long last, Pakistan was 'able' to create a 'Bangladesh' for India in Kashmir.

#### *Kashmir: A Perpetually Bleeding Paradise*

Kashmir has been on the boil for more than 29 years. Tens of thousands of people, both civilians and soldiers have died and the population of Kashmiri Pundits had already exiled. Kashmir affairs are seemingly messed up. Terrorism has rendered the state, especially the Valley, without liberty and individuality. It has devastated the economy, education and normal living pattern, the plural ethos, and imperilled institutions. The societal psyche is turning cynical and despondent and that is what Pakistan and militancy have managed to do with the people of Kashmir.

"Each killing whether of a militant or a civilian is adding to the anger and rage in the Valley," said Dr Sheikh Showkat Hussain, professor of Human rights and International law at Central University Kashmir.

This is how the valley has become a seething cauldron!

Former J&K chief minister and National Conference president Dr. Farooq Abdullah has said the Valley will remain Indian and the P.o.K. a part of Pakistan, pointing to the near impossibility of changing this status quo.

Dr. Abdullah also said that the Valley can't be independent as it is ringed by nuclear-armed sovereign entities – India, Pakistan and China.

"Exactly 100 years prior to the peak stage of the Final World War, ie. 2064 – 65, India had withdrawn its compliance for holding a 'plebiscite' in Kashmir in 1964!"

The 'pyromaniac' statements like "without nuclear war (with Pakistan) Kashmir can't be secured" (Saifuddin Soz) will only escalate tensions in the already horrid region.

#### *PALESTINE: The Tinder Box No: 3*

The League of Nations put the Palestine, including the Holy land, under British – mandate in 1917. Post-World war – II, on 29 November 1947, The U.N.O recommended a partition of Mandatory Palestine at the end of the British mandate. [U.N. – General Assembly resolution – 181, for the creation of Independent Arab and Jewish States and a special international Regime for the city of Jerusalem... Immediately after the adoption of the resolution, a civil war broke out and the plan was never implemented]. In 1917, the Balfour declaration, was a public statement issued by the British government, during world war – I, announcing support for the establishment of a "National home for the Jewish people" in Palestine, then an Ottoman region with a small minority of Jewish population. 'Without the Balfour declaration and U.N. resolution – 181, in 1947, there would have been no Palestine problem and, in future, no Armageddon would be there at all!' But the Man leans towards destruction, as the Destiny would have 'it', inexorably!

The Jews residing in the U.S.A. are a wealthy community and have a considerable influence on the policies of the

American political parties. Besides, the existence of Israel is a necessity from the point of view of the attainment of the American political objectives in the middle-east. This explains why the U.S.A. always favours Israel and goes all out to offer help to this country. To add to it, Jerusalem has proved a very sensitive issue as it is a sacred place of the Jews, the Muslims as well as the Christians.

The Middle East, including Iran, Iraq, Syria, Turkey, Jordan, Lebanon, Israel, Palestine, Saudi Arabia and Egypt, is a region of high importance, both economically and militarily for the developed countries as well as the third world countries due to its natural reserves like Oil, Gas etc. Iran, which awaits the revenge of 1953, pertaining to the US and Britain, experiencing sanctions by these powers, would erupt any moment post 2040, 'most probably in alliance with the Dragon and Russia'.

Everywhere on the Globe, the Dragon will utilize not only the anti U.S.A. sentiment, wherever possible, but also its exploitative history to suit its (China's) Present Strategy! This is where the Dragon could muster all sorts of resources of most of the Islamic Countries in its 'Long March' on the World! Here all sorts of resources means the mineral, human and 'emotive' resources of the Islamic World.

Fig. 3.

#### *KOREA: The Tinder Box No: 4*

two Koreas are technically still at military stalemate, were engaged in a frozen conflict! Only an armistice agreement was signed on July 27, 1953; Korean conflict still ongoing... Total civilians killed/wounded 2.5 million. North Korea's population at the time of war was 15,500,000, almost 25% of population either killed or incapacitated... 1,80,000 Chinese were killed in Korean war! 13 irrigation projects were destroyed by U.S.A. led forces; cities and towns destroyed completely... in Pong Yong only four buildings remained due to carpet bombing by U.S. led forces!

The Korean war is the prelude to the Great Final world war that is to happen a century later. It happened from 25th June 1950 to 27th July, 1953. Technically speaking, both Koreas are, still, at war! Despite what the North says, paying lip-service to the peace-efforts, the Korean crisis is sure to erupt in the next 25 years. This was where the American 'Marines' and Chinese P.L.A. confronted one another on Korean soil.

This is direct U.S.A – China war in a third country, exactly

100 years priorly to the world war-III!

Fig. 4.

*The Mc Mahon Line & India- China Border: The Tinder Box No: 5*

The India China border, 4097Km in length, all through the Himalayan Range is tension ridden. The recent Doklam standoff, Arunachal Pradesh incidents and the tensions at UttaraKhand Borders etc., are the indications of potential conflagration.

During the Doklam standoff, the Chinese media instigated Indian army by reminding the humiliating defeat of India in the 1962 war. The Chinese powers- that- be seem to be thinking that India would be a ‘push over’ in the most probable future war, the happening of which would only lead to the world war-III.

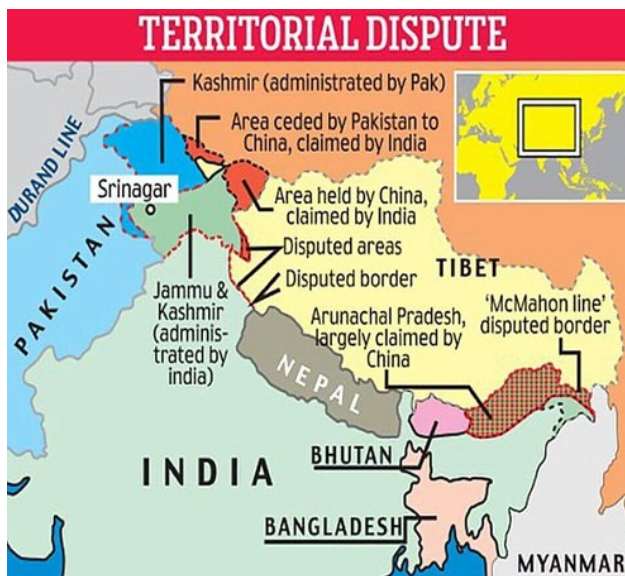

Fig. 5.

Mc Mahon line extends for 890 k.m from Bhutan in the west to 260 K.m east of the great bend of the Brahmaputra River in

the east, along the crest of the Himalayas. This line is regarded by India as the legal national border, but China rejects the Simla Accord and the Mc Mahon line, contending that Tibet was not a sovereign state and therefore did not have the power to conclude treaties. Chinese maps show 65000 Sq.Kms of the territory South of the line as part of the Tibet Autonomous Region, known as South Tibet in China.

In 1962 Sino-Indian war, the Chinese forces briefly occupied this area, and had to vacate latter. ‘Once the Chicken’s neck would be occupied by the Dragon in the final war, India’s North East would be cut off and this region would be in danger of occupation by the former’.

*World War, The Final*

The open world, i.e., the Globalized world would become an easy pray for the ‘rising dragon’ in the next three decades. An existential threat, to the humanity is emanating from this meganation, having vast resources, human, techno, fiscal and lethal military resources at it’s disposal.

It needs two more decades to become a ‘Techno-Super-Power,’ upon becoming which it would be emboldened to wage a ‘Long-March’ on the world, not only through its B.R.1., but also through the air, space and outer space, i.e. from as far as the ‘asteroid belt’.

*There is consensus in America that China is pursuing a strategy to push it back and impose it’s will on the world, and that there is a need to give a strong American response. Defence Chiefs and spy agencies have confirmed China to be the greatest threat to America’s security<sup>1</sup>.*

What’s more, there have been a series of aggressive manoeuvres by China. A Chinese destroyer came within 40 metres of an American guided-missile destroyer, the USS Decatur, in 2018, which was on “freedom of navigation operations” within waters China stakes a claim to on the basis of a couple of disputed reefs nearby.

The potential of this cold war leading to a devastating world war is what is worrying the world now! Post-Taiwan-strait-crisis in 1996, China had been building up its armed forces.

It became crystal clear, to every observer of the current international relations, that the Dragon is challenging the present, established, ‘world-order’!

*The End Times:*

*The most accurate ever prediction of the ‘end times’ was given by a 12<sup>th</sup> century Rabbi [a German – rabbi, 1150 A.D. to 22 Feb 1217, Regensburg] by name Judah ben Samuel in “The Book of the Pious”, & “The Book of Calculations”, following the Christian crusades – 1096 A.D. to 1270 A.D.*

“... When the Ottomans (Turks)who were already a power to be reckoned with, in the Bosphorus (in the time of Rabbi) – conquer Jerusalem, they will rule over Jerusalem for ‘eight jubilees’, afterwards Jerusalem will become ‘no-man’s- land’ for one jubilee and the in the ninth jubilee, it will once again come back into the possession of the Jewish nation, which would signify the ‘beginning of the Messianic End-times’”.(One jubilee is 50 years (Leviticus-25) His calculations

<sup>1</sup> Ibid page 13

were purely theoretical; it was only 300 years after his death that the first of his predictions were to come true. The Mamluks, who had been reigning in Jerusalem since 1250 were conquered in 1517 by the Ottoman Turks. They remained for 8 jubilees ( $8 \times 50 = 400$  years) that is to say they were in Jerusalem for 400 years. Exactly 400 years later, in 1917, the Ottoman Turks were conquered by the British. The League of Nations conferred the mandate for the Holy Land and Jerusalem to the British. Thus from 1917, under International Law, Jerusalem was 'no man's land'.<sup>2</sup>

*Then when Israel captured Jerusalem in the 'six – day war in 1967, exactly one jubilee (50 yrs) after 1917, Jerusalem reverted to Jewish – Israel ownership once again, after 1900 years, thereby, according to the prophecies of Judah ben Samuel, 'the Messianic End Times began'.*

But to recap the astonishing predictions: In A.D. 1217 this scholarly and pious rabbi prophesied that 'the Ottoman Turks would rule over the holy city of Jerusalem for eight jubilees'. Now, keep in mind, he made this prediction 300 yrs before the Ottoman Turks seized the control of Jerusalem in 1517. If indeed 1217 and 1517 were jubilee years as Judah ben Samuel believed, *then his prophecy was exactly right, because exactly 400 years after the Turks took control of Jerusalem, they were driven out of the city and the Holy land in 1917 by the Allied Forces* under the command of general George Allenby – on Hanukkah, by the way.

*"... During the ninth jubilee Jerusalem would be a "no-man's land." This is exactly what had happened from 1917 to 1967 due to the fact that the Holy land was placed under British mandate in 1917 by the League of Nations and literally "belonged to no nation".* Even after Israel's war of independence in 1948 – 1949, Jerusalem was still divided by a strip of land running right through the heart of the city, with Jordan controlling the eastern part of the city and Israel controlling the western part of the city. That strip of land was considered and even called "no man's land" by both the Israelis and Jordanians.

It was not until the 'six-day war' in 1967 (5<sup>th</sup> June to 10<sup>th</sup> June) when the entire West Bank of the Holy Land was conquered by the Israeli army that the whole city of Jerusalem passed back into the possession of Israel, after 1900 years! So once again the prophecy, made by the rabbi – 750 years previously, was fulfilled to the letter.

*Israel and the near future:*

It certainly would be significant if both 1917 and 1967 were jubilee years, considering the significance of what happened in Jerusalem in those years. But it gets even more interesting, because Judah ben Samuel also prophesied that during the 10<sup>th</sup> jubilee, Jerusalem would be under the control of Jews and the Messianic "End Times" would begin. If he is right, the 10<sup>th</sup> jubilee began in 1967 and will be concluded in 2017.

*Nationalism is going to cause the final world war, in this century, with devastating consequences for the humanity and the whole of Biota.*

The grim reality of the certitude of the final war has already made the U.S.A. to be on the alert, while the Dragon is waiting in the wings to pounce upon its neighbours to gulp them down! The Ultimate Consciousness, the Lord, the Creator, seems to have set the stage for the great purge of the humanity!

"I am the 'Time', the Creator, sustainer, and the Destroyer of the worlds." --Gita<sup>3</sup>

A strange concoction of nationalism, historical revenge (in its occupation of China, Japan killed six million Chinese, from 1937 to 1945. In the Korean-War, U.S.A. led U.N. forces (90% Americans) either killed or incapacitated 25% population of North Korea, destroyed 13 irrigation projects and carpet-bombed every town), the longing for world-domineering (Mao's dictum : "even if the third world war happens and half of the Chinese die, remaining Chinese would be there to occupy ( and rule) the world"), along with Neo-mercantile-imperialism is going to cause the final and disastrous world war.

"The world war starts in Asia, because of China (Mongolia), and even that country would be devastated."

–Hewage.<sup>4</sup>

While the total casualties of world wars-I and II, combined, did not exceed 100 million, the Final world war, along with Armageddon, the Kalki, none other than the Second Coming, and the Doom, will wipe out more than 7800 million people from the face of the earth. One of the great seers of India, Veera Brahmam, wrote in his Kaalajnaanam: "...So many lives will be lost in the future wars and conflicts that there would be nobody even to wail for the dead...Hatred will reach new heights and so many people will be killed that the corpses will be thrown into pits more than they can hold..."<sup>5</sup>

The blue print of the future of the world, just as the D.N.A. Carries the genetic-Blue print, mankind's history too carries ominous events as the forebodings of, Blue print of, major global events! Exactly 100 years prior to the final war (it starts in 2047 and ends after 25yrs, in 2072), India (1947), Israel (1948) and China (1949) began to rise on the world-stage! No human being, no animal, even of the Sea, no plant on earth would be unaffected by this cataclysmic war! The great Maha Bharata war was fought by armies of less than two lakh people. In 3000B.C., the world's population was only 2.4 crores! Even Alexanders's Army, when it entered North Western-India, was less than one lakh, in 4<sup>th</sup> century B.C. But this final war of humanity will leave only 1.30 billion people as the survivors, out of 9.58 billion population at the start!<sup>6</sup>

Out of India's population of 1.66 billion<sup>7</sup>, only 0. 24 billion can survive the war! (in my analysis)

The fault-line of this war runs through Japan, North Korea, China, Taiwan, Vietnam, Myanmar, Himalayas (Arunachal Pradesh, Bhutan, Sikkim, Aksaichin etc.), Kashmir, Pakistan, Afghanistan, Iran, Iraq, Syria, Jordan, Lebanon and Israel.

Now the world spends 2.2% of its G.D.P., i.e., \$1.686 trillion on Armaments and wars annually. From 2040, spending on arms would be almost 6% of world 's G.D.P., i.e., \$4.5 trillion. By 2072, i.e., upto the Kalki, i.e., the Second Coming, the world

have spent \$ 150 trillions on armaments and wars!

World war-III would be a *COLOSSAL BLACK HOLE* that would end up gulping down four fifths of humanity, huge resources of global wealth, three-fourths of biota etc.

*Currency Wars, Internet, Cyber Race, Space War and the World War III*

Water wars, currency wars between the Dollar and the Yuan, cyber – attacks on defence administrations, attacks on satellites, race for acquiring strategic technologies, aspirations for the alternative world order, globe – spanning march through the modern silk – routes – cum – conquest routes, the surge in unemployment globally, all due to the ‘Manufacture – hub of the world’.

All these factors contribute their lot to the final war!

With the West’s especially that of U.S.A’s ambit of dominion shrinking in various regions, China, now, has found a new boost! With the U.S.A thinking in terms of ‘minimizing cost of overseas – defence,’ the same has become a *god – sent – opportunity for China, which has \$ 3.1 trillion reserves, both to build ‘modern silk – routes, globe – spanning in dimension, to expand overseas and occupy mineral – rich locales of international waters, and to build strategic – defensive forces.*

*Has China reached, already, an inflection point?*

This is of utmost importance for the security of India, as this unpredictable bully, as many people the world over are apprehensive, might cause the world plunge into the cataclysmic final world war. The Doklam in 2017 and the gold mine digging at Arunachal Pradesh’s borders (which is Southern Tibet in dragon’s view) and Galwan only betray the rabid territorial ambitions of this aggressive Dragon.

*World War III: Phase-I:*

When the Robo-Soldiers begin marching in swarms, remember, the Second Coming and the Doom are only 25 years away!

Because ‘they’ cause the slaughter of humanity in such great dimension that the ‘number’, mentioned in the Bible<sup>8</sup>, is fast ‘reached’ thenceforth!

Post 2047, any untoward incident may trigger a chain reaction off, due to a labyrinth of defence alliances among not only the NATO + alliance countries, but also the dragon + countries’ alliance.

Because the Chinese population will soon begin to decrease, it’ll be an embarrassment for those aspiring to conquer the world, by implementing the dictum of Mao: “Even if the world War – III happens and half of Chinese perish, the remaining Chinese would be suffice to conquer the world.”

To compensate the decrease in human resources, China will soon manufacture, in massive numbers, the Robo-workers, and, Ultimately, Robo – Soldiers, to make a ‘long –march’ on the world.

The Neo Cold War is more complex than the old one. By 2050, out of the ten biggest economies of the world, only six would be Christian – Dominated, i.e., the third biggest, the U.S.A. with \$ 34.1 trillion, the fifth, Brazil with \$ 7.54 trillion,

Russia with \$ 7.131 trillion, Mexico with \$ 6.863 trillion, Germany with \$ 6.138 trillion and the United Kingdom with \$ 5.36 trillion, the Second biggest economy, India , at \$44.12 trillion, would be a Hindu-Dominated country, the fourth biggest economy, Indonesia, at \$ 10.5 trillion, would be a Muslim-dominated country, Japan, 8th, at \$ 6.77 trillion, a Shinto-Buddhism-dominated country and the China, being the biggest economy of the world at \$ 58.49 trillion, would be an atheistic country, antagonizing the dominance of the Christian countries.

Out of the present complex situation of the world, I could foresee the collision of the Giant Duo of this neo cold war in the next three decades, in the light of the ‘previsions of the Destiny by the great seers of the humanity’.

*Revelation: Unfolding into World War – III<sup>9</sup>*

*Second Seal: Conflict on Earth*

“Another Horse, Fiery Red, went ‘Out’. And it was granted to the one who sat on it ‘to take peace from the Earth’ and that ‘People should kill one another’” -Revelation

How prophetic these seals are! While the first seal relates to the time of Century prior to the commencement of the Final World War, i.e., since 1947, when “NATO” was founded under the leadership of the U.S.A. and it’s ‘Conquering-Phase’ for almost seventy years of the Pre-World War – III Century, the second seal relates to the very contemporary phase of the World Now!

The new century has seen not only the ‘Rise’ of the Dragon, but also it’s ‘belligerency’, along with predatory economic and techno pursuits!

Now it is a \$18.3 Trillion Economy with 2.3 million army, the biggest in the World, having almost \$300 (2022) Billion Military Budget, although it’s official figures show far lesser allocations, \$ 229.5 Billion (2022) for the defence budget!

No doubt the mighty Dragon will take peace away from the Earth in the next 30 years making the World ‘a Seething Cauldron’! “..... And there was given to him a Great Sword.”

The China’s Military – Industrial complex continues to gain ground globally with its technology maturing and its products becoming “Ever more Enticing”!

By 2047 China’s Military might would be far greater than that of any nation in the World!

It’s Quantum Satellites, with the ability of Quantum-Computing, breaking any code of any system, Space-wing Empowered with Hack-Proof technology, Stealth-Fighters, Deep-Divng-Stealth-Submarines and Millions of Robo-Soldiers, in the next 30 years, will make it an invincible power!

That’s the meaning of “**A Great Sword**”! (of Revelation) (Time Span – 2049 to 2070)

*Fourth Seal: Widespread Death on Earth*

“And behold, a pale horse. And the name of him who sat on it was Death, and Hades followed with him. And power was given to them over a fourth of the earth, to kill with sword, with hunger, with death, and by the beasts of the earth”. -Revelation, 6:8

<sup>8</sup> Revelation 6: 7 to 11,

<sup>9</sup> All the references related to Revelation from the Holy Bible used in this chapter are taken from the book ‘Holy Bible’ published by India Bible Literature, Madras, 1982 (The New King James Version)

This Fourth Seal is nothing but the embodiment of the Devastating War, the Final World War, and the widespread Death on Earth.

Those who are going to wage this War would be aspiring to rule the World. In the first phase of this World War, i.e., from 2047 to 2055, the Chinese would be able to bring the World to its knees and a Great Empire, from Pacific Coast to Baltic Coast, would be built by them, as was Prophesied by the great seer Nostradamus.

“Power was given to them on a fourth of the Earth, to kill with Sword, with Hunger, and with Death.” ---Revelation,6:8

The Dragon was the First Beast mentioned in the “Revelation”, because it would be the Mightiest Power on the Earth, by 2047, with the most Lethal Weaponry in it’s Kitty. The Genghis Khan II (Born in 1999, in Inner Mongolia) would be the “Infernal Prince” on Earth to cause unprecedented destruction to humanity.

It would seem in the first phase of the World War III that “The Chinese are going to conquer the World”, since they would land on the shores of Mediterranean, Black Sea, Adriatic Sea and Baltic Sea in 7 to 8 years, i.e., by 2055, although faced with much resistance.

It’s ‘new silk roads’ (B.R.I.) would be the *marching roads* for the World Conquest! But ‘once the Pope is captured (and hanged), as was prophesied by Nostradamus and saint ‘Malachi’, the tide turns’!

The ‘Yellow Emperor’, having built a great Empire almost five times that of the Alexander the Great, from East Asia to Central Europe, will cause in this expedition, devastation in Northern India, Central Asia, South East Asia, Balkan Countries, Italy, East European Countries, and an unparalleled slaughter of humanity!

The ‘Sixth Seal’ of the Revelation is really amazing! Here what is given is nothing but the Space War! Most of the seers and prophets are in perfect agreement in predicting the “Falling Stars”! These falling stars are nothing but the Satellites shot down by the warring countries! This amazing coincidence of almost all the seers has already begun to be vindicated. In 2007, in the 50<sup>th</sup> year of the Space Age, China had shot down its defunct weather satellite<sup>10</sup>, with an I.C.B.M.!

As if a Fast-Forwarded movie’ would show the events in a short span of time, climactic stage of the world war-III and the Post-Armageddon events are shown here in brief.

“Millions of (war-drones) locusts and 200 millions of war-machines will kill a third of mankind”!<sup>11</sup>

“Something like a great mountain burning with fire was thrown into the sea”. ---Revelation8:1 to 9

This is nothing but an asteroid of a ‘great mountain size’ ‘was thrown’ into the sea, and a third of the sea became blood. Here we have to correlate the seer Nostradamus’ prediction of ominous portents “A great mountain round of seven stadia/ Afterwards peace, war, famine, flood/it will roll far away sinking great countries/even Aniquities and Great Foundation”<sup>12</sup>. Century-I, Quatrain-69

Clearly this is ‘Cosmic-Golf’! Since this happens in proximity to the Antiquities and Great Foundation, the Asteroid would strike either in the ‘Western – Pacific – Ocean”, most probably missing it’s target narrowly and strike this ocean, or the Indian Ocean, targeting India!

This will wreak havoc in the vicinity, i.e., in the Radius of, at the least, 3000 Kms!

The impact of the Asteroid, i.e., the diverted asteroid, targeting the rival country, will cause vast areas being inundated in the littoral countries, in addition to taking the toll of hundreds of millions of humanities.

The administrative system of the littoral countries would come to a standstill, resulting in unprecedented suffering of the humanity of those countries.

What is predicted here is the destruction of the one-third of all the ships of the World since heavy trade lines ‘Run’ through the ‘South-China-Sea’ and ‘Indian Ocean’!

Both India and China are among the Great Antiquities of the World and these countries will be targeted by their rivals in the Final World War! (Time Span 2055 to 2065)

What was prophesied here is the ‘Ruin’ of the humanity, by the Machine, in hundreds or Millions in number, i.e., the swarms of Robo-Soldiers will kill the people in great number, i.e., a third of mankind!

I shudder at the thought of 3000 million people being killed by the machines of Man’s very making! (At the commencement of the World War – III, there would be 9500 million people in the World). The frightful savagery of the ‘possessed’ leadership of some nations is sure to invite the wrath of the Ultimate Consciousness, the Omniscience, the Creator. The First and Second World Wars, combined, didn’t take a toll of 100 million lives; but the Final World War, along with the Armageddon, the Kalki, none other than the Second Coming (of the Messiah) and the Doom will wipe 85% of humanity, i.e., 8000 million from the face of the Earth!

(Time Span: 2050 to 2072) Revelation,12:3,4,5, 13 to 17

Here the ‘Mightiest Mundane Power’ of the World, in the End-times, was prophesied. “A great ‘Fiery’ ‘Red’ Dragon.... His tail drew a Third of the Stars of Heaven and threw them to the Earth...”<sup>13</sup> How accurately Jesus Christ prophesied the events of the 21<sup>st</sup> century events!

This great ‘Fiery’ Red Dragon is none other than the rising Dragon, the great Far Eastern Power, China! The present belligerent, predatory attitude of ‘Red’ China, with its mighty financial prowess and it’s space-tech prowess was prophesied 2000 years prior to it’s rise!

*If anybody has any doubt about the intentions of the Dragon, let him/her refer to the accurate prediction of the Jesus Christ!*

China is a vast country with an area of 9,596,961 Square k.m.s and it is a \$ 18.03 Trillion Economy now. It became the World’s Manufacture Hub in a short span of three decades; brought its 800 million people above poverty line, unprecedented in world history! It has the biggest army with 23,00,000 army; in 2007, Exactly 50 years since the

<sup>13</sup> Bible, Revelation—12:4. This is the most accurate prediction: The Dragon had, already, shot down one of its own satellites in 2007, with an I.C.B.M., and, now, perfecting this technology in preparations for the Final World war.

commencement of Space-Age in 1957, it had shot down its defunct weather Satellite Fengyun-1-c, with an I.C.B.M.!

This event bodes ominous portents for the world, in the next 40 years of time-span, i.e., by 2057, will see the Dragon shoot down many of the Satellites down, if we consider it's \$ 3.1 Trillion Reserves and it's burgeoning R & D facilities across the country, coupled with the acquisitions of the advanced State-Of-The-Art Technologies from the West, by hook or crook. Its belligerent, predatory moves are really alarming not only the West but also the whole World. Very soon it will have the 'info of unhackable nature', thus placing itself far ahead of the comity of Nations.

Moreover, its aim is to become a Techno-Super Power by 2050, by which time its economy would be triple that of U.S.A., as is being claimed by its president, Xi Jin Ping, recently, as was also projected by the International Monetary Fund. It's Space-Wing will surely be in a position by 2047, to 'vindicate' the prophecy of Jesus Christ's Revelation!

*Space -War:*

Exactly in the 50<sup>th</sup> year of the Space-Age, i.e., in 2007, China had blown up it's own dysfunt satellite Fengyun-1 C, using an SC-19 class KKV Anti-Ballistic-missile. By 2057, the Dragon would have shot down 'One-Third of all the orbiting Satellites', most of which would be of the Quad + Alliance, ie. U.S.A. India, Japan, E.U., Israel, Australia, South Africa, Vietnam etc.!

Most of the Nations would be depending on the Lower-Earth-Orbit-Satellites for their domestic as well as military operations. These would be the prime targets for the Globe-Marching Mega Nation, the Dragon. At present 65% of World's Economy is dependent on Low-Earth-Orbit Satellites. By 2047, 90% of the

World Economy would be dependent on Low-Earth-Orbit Satellites. (Time –Span: 2040 to 2057)

“The Harvest of the Earth is Ripe!”<sup>14</sup>

This indicates 'fiercest stage' of the World War-III. Reaping the Earth's harvest with a sharp sickle' means 'all the deadly weapons, invented by man,' would be used in this Great Final War on Earth.

'Corpses everywhere! This would be the Scenario!' As Nostradamus predicted, 'Men will be slain in such great numbers that there would be no mourners for the Dead'. 'Kaala Jnaanam' of Veera Brahmam also says the same thing: "Corpses would pile up like hillocks...there would be no mourners for the dead"<sup>15</sup>.

Not in millions, but in thousands of millions men will fall! This is what is meant by "... The Earth was Reaped"!

*What is predicted in Revelation '14: 20' is nothing but the Armageddon, the Mother-Of-All-Wars, near the Holy City Jerusalem. Such an amount of human blood will be shed, here, outside the 'City', that it equals that of a large pool of 1600 furlongs having a depth of almost six feet, i.e., up to the horse's bridles! (Time-Span: 2069 – 2072)*

*Cosmic-Golf:*

This is the most Lethal of all the weapons man has ever invented! It's potential of destruction ranges, according to the Capital and the State-of-the-Art- Technology involved, from 100 to 1,00,000 Hydrogen Bombs exploded at one point! Only two Global powers are, now, capable to execute this weaponry. At first they 'Select' an A asteroid, [revolving around the sun at 1,20,000 m.p.h speed] of the Asteroid belt, not more than the diameter of 0.5 k.m., and they have to 'deviate' it's Orbital-path

so that it collides the earth with devastating impact on the target countries. The impact would be so devastating that the entire population of the target country will be wiped out (in case of a ‘larger-than-a-kilometre’ asteroid) from the face of the earth, in addition to razing down everything! Even if it falls in an ocean,

[most likely scenario], all the littoral countries would be inundated by tsunamis, battered with hurricanes, hundreds of tornadoes etc.

Pertaining to cosmic golf, both the super powers target one another! One reason why India could not be targeted is that even

The Dragon's empire, as big as that of the Genghis Khan-I of 13 <sup>th</sup> century, dissolves, in this Phase! By the end of the year 2069, most of the world would have been undone and desolate! Every city and most of the towns will be destroyed! Cries and mournings will rend the air! Almost 2000 million people will have to lose their lives in this Phase!
		2070-2072: Harvest of the Earth The world would, now, be ready for the Harvest of the Earth! While civilizations fight each other, globally, in the most fratricidal of all wars, for the supremacy, armies from all the continents would be sent by all major-religions' leaders for the Armageddon, the Mother-of –all- wars, near Jerusalem, either 'in alliance' or 'against' Israel! In the global carnage and in this Armageddon, almost 1000 million people will be 'sacrificed', prior to the Kalki, the Second Coming!

a slight deviation of 0.00001% in the wrong-direction’ will not hit India, but either the Dragon itself or Pakistan (being India’s neighbour country)! That’s why it won’t take this risk of its own destruction! By 2050, the Dragon would be on par with the U.S.A. in this regard, but, by then, in my estimate, the preparations required for the cosmic golf would have been completed by the latter!

With the experience of the cold war and the availability of ‘alternative war-fares’, the paradigm-shift has taken place; cosmic golf is one of the prominent three reasons why nuclear exchange, the mutually assured destruction, is backtracking, the other two being invasion by Robo-Armies, fortified by destroying ‘enemy’s satellites’ (the Dragon is specializing, now, in this war fare...), and Bio-war fare, germ-war fare including...

Not that there would be no nuclear attacks in the final world war, but there would be limited attacks i.e., on metropolitan locales etc., knowing very well that outright nuclear exchange will wipe out humanity altogether!

No seer predicted that India would be devastated by an asteroid!

A labyrinth of connections among nations may lead to a Chain Reaction, once an explosive event happens. It would become obligatory for all the ‘alliance countries’ to defend their partners, and the World war commences!

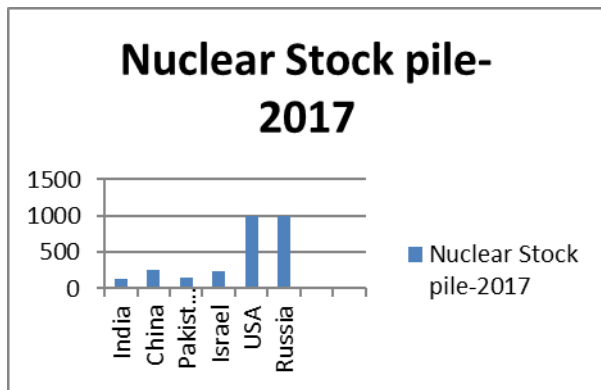

Fig. 6.

In the First phase it will be the “Dragon – plus” versus the “NATO plus,” which will cost the humanity one fifth of its population, because of Nuclear exchange, Chemical, Bio-warfare, ensuing drought, fallout, hunger, disease, etc.

In the 2nd phase, the peripheral nations ‘armies move proximal towards the Navel’ of the earth and in this phase, by 2065, the Holy of Holies will be cast down and the ‘abomination of desolation’, as was predicted by the prophet Daniel, (circa 500 B.C. and) confirmed by Jesus Christ, 2000 years ago, (Matthew – 24: 15), will be placed there. The Holy city will be under occupation for 2300 days, as was predicted by Daniel, and will be trampled by the Beasts’ armies.

By the end of the Second phase, all the satellites of all countries will either be shot down, blown up or will be inoperable!

This phase will cost the humanity one – third of its remaining population. Innumerable robots will be involved to avoid the

loss of humans in the wars. But, paradoxically, billions of civilians will lose their lives! Nations would famish.

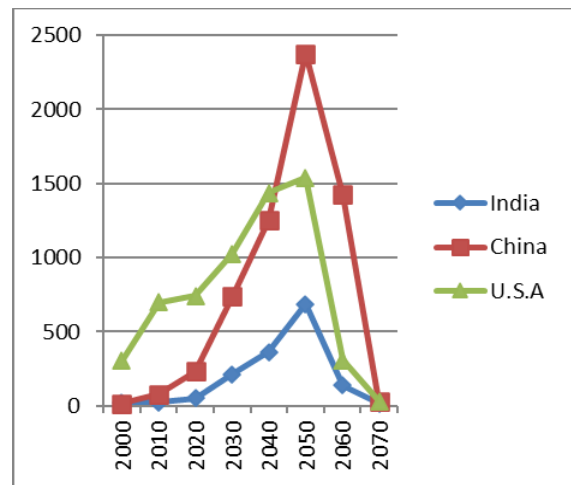

Fig. 7. Defence budgets of three great powers, in \$ billions

We are already in the Messianic End Times. A period of global upheaval has begun from 2017. Doklam and Galwan are only a ‘tip’ of the Dragon’s nature! The Dragon is making massive efforts to have three continents in it’s clutches, through the B.R.I., [ The Modern silk-route]. The Great seer Nostradamus predicted: “A Great Ruler of the Orient will invade Europe and takes the Pope As captive.” which country in the ‘East’ has the capability, either ‘now’ or in the ‘near future, to do this destructive carnage? Everybody knows! (It’s the Dragon!)

*Future Scenario:*

The Dragon can ‘buy’ not only future corrupt politicians, but also future ‘state – of – the – art – technology’ only to destroy all of its rival countries, i.e., U.S.A, India, Japan, Vietnam, Australia etc.

This is the real danger, for India and the West in the forth coming four decades, in addition to the ‘Quantum Satellites’ and ‘untraceable stealth, sub marines, nuke missiles and ‘Bio – Weapons’.

In the final reckoning: India, if run by corrupt alliance government, would become an easy prey for the dragon. “68% of all military equipment of India is vintage.” –Lt. Gen. Sarath Chand, Vice Chief of Army staff.

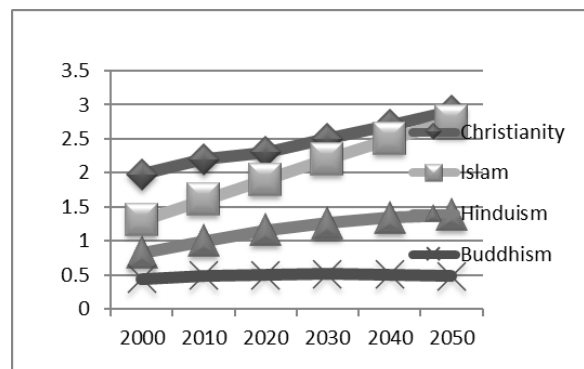

Fig. 8. World's religion-population in billions

Presently, in 2022, the G.8 countries have seven Christian majority countries. By 2047, i.e., at the commencement of the final world war, there would be only three Christian majority countries (the U.S.A., Brazil and Mexico) out of the eight!

### *The New War-Field, The Space*

The most striking feature of most of the prophecies, pertaining to the End Times is the ‘Coincidence’ pertaining to the falling stars prior to the Doom!

“The ‘stars’ falling on earth in the ‘End-times’ are nothing but the ‘satellites’!”

No scientist, no research scholar, no statesman, no research institute in the world, no thinker ever recognized this highly crucial issue!

As of now, 65% of the world economy is dependent on the ‘lower-earth-orbit’ satellites! Thousands of satellites of several countries are, now, orbiting the earth in space. Exactly 50 years since the commencement of the space age, i.e., in 2007, the Dragon (China) had shot down its own defunct weather satellite ‘Fengyun -1 c’!

This bodes ominous portents for the world, since, 2000 years ago, Jesus-Christ one of the great rishis of all times prophesied that “the Dragon will shoot down one-third of the stars (satellites) on to the Earth with its ‘Tail’ (its space wing)!”

In my analysis, by 2047, i.e., the year of the commencement of the disastrous final world war, 99% of world’s economy would be dependent on the satellites!

Which asteroid zeroes in on the most devilish city on the earth, in the 2nd half of this century?

“... then a mighty angel took up a stone like a great millstone and threw ‘it’ into the sea, saying ‘thus with violence the great city Babylon shall be thrown down, and shall not be found any more’”. Revelation, 18:21

The grandest collision of great powers is going to take place in the next four decades. The rise of the Dragon creates a toxic cocktail and paranoia in U.S.A.

In the history (Thucydides’ Trap), the rise of Athens instilled fear in Sparta. 100 years ago, the Athens was Germany and the Sparta was Britain. Now, the Athens is China and the Sparta is the U.S.A.

By 2025, China would be the leading power in the market in sectors of Artificial Intelligence, Robo-Machines, Quantum Computers and Driverless cars. By 2035, it would be the leading innovating power. The Consequences of these Tectonic changes would be so devastating that adversary techno powers would be compelled to be in grand alliances against this mighty

Dragon to save themselves in the fierce competition. This will ultimately lead to colossal wars. In the last 500 years, out of 16 cases of Thucydides Trap, 12 cases ended in war. In most of cases a third party provoked a war, other than the rising and the established power.

There should be a collective surge of not only the “resolve” on the part of Christendom, Hinduism, Shintoism, Judaism, Islam etc., but also on the part of all great thinkers of the world to save the humanity from the impending catastrophe.

But what I can say with utmost certainty is that both the blocs ‘the Anti-Western bloc’, comprising China, Russia, the militant Islamic-countries and the Central Asian countries and ‘the Western bloc’, comprising most of Christian countries, comprising the Quad+ are going to ‘collide’ in the near future, to the utter destruction of the humanity.

## 2. Conclusion

Humanity, living on the micro-speck, i.e., the planet Earth, (this planet is only a micro speck, compared to the Milky way galaxy, which is, again, a speck in the vast universe, comprising one trillion such galaxies) can’t escape the inexorable Cosmic Law that ‘the destroyers of the Nature shall, ultimately, be humbled’ and is going to abide by the Eternal Law, once the wars and retribution come to a close, i.e., from the fourth quarter of this century.
